PRODUCTS

All foot creams are to be used once or twice a day, foot baths from one to three times a week depending on the foot problem.

All foot creams and footbaths have a freshness seal in order to insure the quality of the product. All footbaths have special ingredients to prevent skin from absorbing excess water and becoming too soft.

To achieve the best results with the GEHWOL line, you should try to sell the products as a package as you would do with skin care products. A synergy will take place between the active ingredients, giving your client optimum results.
